TREASURY DEPARTMENT
STATE CAPITOL
NASHVILLE, TENNESSEE 37243-0225

Software Developer

The Tennessee Department of Treasury impacts the lives of Tennesseans every day. We safeguard Tennessee taxpayer dollars, teach citizens to make financial decisions, manage approximately $50 Billion Dollar assets in house for the State of Tennessee pension fund, provide retirement coverage to State employees, and return abandoned property.

DESCRIPTION:

The Information Systems Division develops and maintains application systems and administers data security for the department. The division also provides desktop and user support.

RESPONSIBILITIES:

- Develop software applications to import/export data
- Design user interfaces
- Create new applications and support existing systems
- Process, document, record, and analyze information

MINIMUM QUALIFICATIONS:

- Graduation from an accredited college or university with a bachelor's degree in Information Systems or Computer Science
- Three years of professional level experience in systems analysis, application design, or software development of business information systems (C#, jQuery, .NET, HTML, XML, CSS, Microsoft SQL Server, and/or Oracle)
- Preferred business and finance experience
